Riverside Storm Update

RIVERSIDE, Calif. – Over the past several days, Riverside has experienced large volumes of rain. The City is well prepared to handle all storm related issues and has dispatched all available crews to manage storm related issues. The City encourages residents to use the following guidelines to report rain related information:

- If you are reporting a life threatening emergency, dial 911.
- To report potholes, streets debris, fallen trees, utility outages or other non-emergency city issues, dial “311”.
- For City of Riverside road closure information please call “311”. Regional traffic conditions may be found at www.pe.com/traffic/.
- To help the City track rain event damage, please contact “311”.

The City encourages residents and businesses to take this time to review preparedness plans. For more information visit www.riversideca.gov/fire/.
